

MF&RS Commercial Training Dept.

Update on AFA Taining

Merseyside Fire and Rescue Service's (MF&RS) Commercial Training Department have begun the process of developing the training package. Details of the timetable, contents and costing of this package will be available via www.merseyfire.gov.uk from 9 November 2012.

The general objectives of the training course are to ensure that participants:

- Understand their responsibilities under the Regulatory Reform (Fire Safety) Order 2005 in respect to managing fire safety and automatic fire alarm systems;
- Gain knowledge and skills to enable a safe, competent and confident investigation of any fire alarm activation on their premises.

Any queries please do not hesitate to contact me.

Kind Regards,

Suzanne Waite.
