

## Fire Extinguisher Training

2 hours • Up to 15 delegates per session

Certificate awarded to all students on successful completion of the course.

### Course Content

The Regulatory Reform (Fire Safety) Order 2005 makes it a legal requirement that every member of staff receives workplace fire safety training.

Our course is open to colleagues of all levels and abilities.

The aim of the course is to provide delegates with an understanding of fire safety and the practical skills needed in the event of a fire.

The course is focused on live fire extinguisher training. Delegates are taught the correct fire extinguisher handling and operating practices and can experience the use of different fire

extinguishers, as well as a fire blanket on real fire.

We also inform delegates about fire legislation, fire behaviour and fire classifications, to ensure sufficient knowledge to act confidently and effectively in a fire emergency situation.

### How is the course assessed?

Delegates will be assessed through Q&A and observation of practical assessment extinguishing a real fire.

### Learning Outcomes

#### Theory:

- Explain and understand Fire Legislation
  - Explain the classifications of fire
- Demonstrate fire extinguisher capabilities and limitations – extinct of fire
  - Identify fire extinguisher types using the colour coding system
  - Demonstrate application of fire extinguishing media

#### Practical:

- Demonstrate fire action routines
- Demonstrate the application of water & CO2 extinguishers on real fires
  - Demonstrate the application of foam extinguisher
  - Demonstrate how to use the fire blanket

## Where is this course held?

We can run this course on site at:

MFRS Training and Development Academy,  
Storrington Avenue,  
Croxteth,  
Liverpool,  
L11 9AP

Alternatively, we can come to your place of work and deliver training up to 15 delegates. For this we would need a suitable training environment, including a classroom where a presentation can be facilitated and a clear outside area.

## MFRS will supply:

- Tuition
- PPE (Personal Protective Equipment) for practical sessions
- Gas Rig (to create live fire)
- Fire extinguishers
- Fire blanket
- Course materials
- Consumables
- Certificates

## Cost

Please contact the Commercial Department for details.

## Certification

Certificates will be awarded to all students on successful completion of the training course.

This course complies with the Regulatory Reform (Fire Safety) Order 2005 and Health and Safety legislation.

Full Terms & Conditions apply.
