

MERSEYSIDE FIRE AND RESCUE AUTHORITY			
MEETING OF THE:	AUTHORITY		
DATE:	18 MAY 2023	REPORT NO:	CFO/011/23
PRESENTING OFFICER	CHIEF FIRE OFFICER PHIL GARRIGAN		
RESPONSIBLE OFFICER:	DEB APPLETON	REPORT AUTHOR:	JACKIE SUTTON
OFFICERS CONSULTED:	STRATEGIC LEADERSHIP TEAM		
TITLE OF REPORT:	CORPORATE RISK REGISTER OCT TO MARCH 2023 UPDATE		
APPENDICES:	APPENDIX A:	CORPORATE RISK REGISTER 22-23 OCT TO MARCH UPDATE	

Purpose of Report

1. To inform Members of the current risks contained within the Corporate Risk Register, the status of the risks and associated control measures, including any updates for the period October 2022 to March 2023.

Recommendation

2. It is recommended that Members approve the updated Corporate Risk Register for 2022/23 which incorporates the current status of those risks to March 2023.

Introduction and Background

3. It is good practice to regularly review the internal and external risks in relation to the on-going delivery of service by Merseyside Fire and Rescue Authority.
4. To that end, a Corporate Risk Register has been produced which focuses on the Vision and purpose of Merseyside Fire and Rescue Authority ('the Authority') and aligns each risk to a specific aim. The Strategic Leadership Team (SLT) has reviewed the risks contained within the Corporate Risk Register and considered any new risks that might affect the Authority during 2022/23. The resultant risks have been scored against the original risk and re-scored following mitigation. The purpose of this report is to ask Members to review the updated Corporate Risk Register attached at Appendix A to consider any implications for the Authority.
5. SLT had previously considered the outcomes from an Internal Audit report from April 2017 that considered the Authority's approach to Risk Management. Overall compliance was found to be "Good", with some "Substantial" elements. The report also required the Authority to consider its risk appetite and tolerance and to ensure that the status of all risks is updated regularly. These actions have been completed.

6. Officers have sought an external review of the corporate risk register alongside what training can be provided to ensure relevant officers have sufficient knowledge to be empowered to raise the relevant risks. The proposals are being presented to SLT for consideration which include a new format of capturing risk including at department level upwards with engagement at every level of the Authority to ultimately create and identify corporate risks as well as the development of a new risk register itself.

Equality and Diversity Implications

7. There are no direct equality and diversity implications arising from this report.

Staff Implications

8. Staff manage the risks identified within the risk register.

Legal Implications

9. The management of the corporate risk register will ensure the Authority complies with its legal requirements and mitigates its risks within the agreed risk appetite.

Financial Implications & Value for Money

10. There are no financial implications contained within this report.

Risk Management, Health & Safety, and Environmental Implications

11. The assessment and mitigation of risk is essential in ensuring a safe working environment for all MFRA employees and its agents and consideration of its actions on the environment is paramount.
12. Management of corporate risk and the application of suitable mitigation strategies affords the Authority security that should a risk become an issue then suitable control measures are in place to mitigate any impact.

Contribution to Our Vision: *To be the best Fire & Rescue Service in the UK.*

Our Purpose: *Here to serve, Here to protect, Here to keep you safe.*

13. Knowledge of and response to a risk being realised is an essential component of ensuring that the Authority continues to deliver an effective and efficient service to the communities of Merseyside.

BACKGROUND PAPERS

CFO/51/22 Corporate Risk Register April to September 2022 Update

CORPORATE RISK REGISTER 2022/23

Aims: - 1) Excellent Operational Preparedness 2) Excellent Operational Response
3) Excellent Prevention & Protection 4) Excellent People

April 2022 –March 2023

October 2022 to March 2023
update

4	Major		Develop Reduction measures	Compulsory Risk reduction		
5	Massive	Develop Reduction measures	Compulsory Risk reduction			

Introduction

All organisations face risks that can impact on their operations, by establishing a systematic approach to identifying, assessing, and managing risk, Merseyside Fire and Rescue Authority (MFRA) intends to continually improve the organisation's governance, increase accountability and enhance overall performance.

The Director of Strategy and Performance reports directly to the Chief Fire Officer on matters relating to corporate risk management and maintains this risk register in collaboration with other members of the Strategic Leadership Team (SLT).

As part of this process the organisation considers the level and type of risk the Authority will accept while conducting its business and puts in place measures to reduce or eliminate that risk. This includes a careful evaluation of how risks affect the Authority's ability to achieve its Mission and Aims and its appetite for taking those risks.

The following categories of risk appetite are considered in relation to each identified Strategic Corporate Risk within this register:

- **Low** – The level of risk will not substantially impede the ability to achieve MFRA's Vision and Purpose. Controls are prudently designed and effective.
- **Moderate** – The level of risk may delay or disrupt achievement of MFRA's Vision and Purpose. Controls are adequately designed and are generally effective.
- **High** – The level of risk will significantly impede the ability to achieve MFRA's Vision and Purpose. Controls may be inadequately designed or ineffective.

Risk Appetite by Strategic Corporate Risk Category

MFRA has an overall conservative risk appetite. The organisation will act in accordance with this to achieve strategic objectives and deliver high quality fire and rescue services to the people of Merseyside within a framework of reducing budget provision.

MFRA will employ sound risk management principles, transparent decision-making and effective communication to prioritise risk. The Authority manages seven strategic corporate risk categories to effectively supervise and ensure a safe and effective fire and rescue service that delivers prevention, protection and response services to Merseyside and beyond. MFRA has a low appetite for most types of risk (see table below), being aware of the need to ensure the prudent use of public money, maintain staff safety and deliver reliable and effective services.

Corporate Risk Category	Risk Appetite	Explanation
Budget and financial	Low	The appetite for Budget and financial risk is low. MFRA will exercise prudent management of its financial resources to achieve its mission. MFRA will maintain strong internal controls and ensure compliance with applicable legislation and accounting standards. MFRA will make prudent decisions to mitigate the financial impact of internal and external factors that affect it.
Legal and legislative	Low	The appetite for Legal and legislative risk is low. MFRA will always endeavour to comply with the laws that govern its activity and adopt appropriate governance processes. MFRA has no risk appetite for non-compliance with applicable laws and regulations.
Loss of strategic sites and assets	Moderate	The appetite for risk in relation to strategic sites and assets is moderate. Risk appetite in relation to vehicles and equipment is low, as safety and usability must be achieved through the use of detailed specifications of requirements. Risk appetite in relation to FRS sites (e.g. for a new fires station) is higher, as it is acknowledged the options are more limited and the end result in relation to the provision of a new fire station is not entirely predictable at the beginning of the process.
Environmental and Political	Moderate	The appetite for risk in relation to environmental and political matters is moderate. MFRA acknowledges that activity in relation to collaborative work with partners, for example, is not entirely predictable and some risks will be taken whilst attempting to improve service delivery or make savings through the use of new arrangements.
Loss of key staff	Moderate	The appetite for risk in relation to loss of key staff is moderate. MFRA recognises that it may need to adopt new and untried ways of working to deliver its services during periods of industrial action or reductions in the size of the workforce.
Technology	Low	The appetite for Technology risk is low. Information systems must support core MFRA functions with adequate capability, capacity, resiliency, and security from internal and external threats. The organisation relies on a mobile and technologically dependent workforce to carry out its Mission.
Procurement	Low	The appetite for Procurement risk is low. MFRA is bound by legislation and regulations that are designed to ensure that public finance is spent appropriately. As a result, processes are designed to ensure that all procurement activity is properly governed and carried out in a way that ensures compliance.

CORPORATE RISK REGISTER 2022/23

RISK	STRATEGIC CORPORATE RISK	RISK NOS.	SPECIFIC CORPORATE RISKS	SUB RISK NOS.	IMPACT	RISK SCORE	MITIGATION	MITIGATED SCORE	RISK/ACTION OWNER
1.	Budget /Financial Risks	1.1	Insufficient staff to maintain current levels of operational planning, training and management of intelligence and sourcing fleet and resources	1.1.1	Increased safety and reputational risk to all MFRS	15	<p>Resilience exists within departments to task staff with priority work steams in the event of insufficient staffing becoming a concern. 							Preparedness manager meetings in addition to scrutiny via Performance Management Group (PMG) Regular budget meetings scheduled in. No immediate funding issues in Operational Preparedness.		
1.	Budget/Financial Risks			1.1.3	Reducing ability to respond or maintain competent workforce.	15	<p>The Authority continues to utilise the most agile working systems to ensure a high level of service delivery and response, integrated with appropriate skill audits and training delivery to ensure a high level of competence in all staff</p> <p>April-Sep Update Continual core training. Maintenance of competence on station. Provision of PPE available through E proc.</p> <p>Oct-March Update Recruitment of newly qualified firefighters is scheduled yearly within our workforce plan, those staff are supported with structured development and specialist training. We have</p>	10	Director of POD

							a high performance programme that supports and identifies future leaders. This is again supported by identified development posts and we have established our temporary posts holders into permanent positions.		
1.	Budget/Financial Risks			1.1.4	Reduced ability to maintain FF safety	15	<p><u>AM Response</u> Maintenance of competency is managed on station through Safe Person Assessments and the training planner for all operational staff. POD/TRM staff ensure appliances are fully staffed through effective workforce planning.</p> <p>April-Sep Update Continual core training. Maintenance of competence on station. Provision of PPE available through E proc.</p> <p>Oct-March Update <u>Ops Preparedness</u></p>	10	AM Operational Response/ Preparedness

							Continual core training. Maintenance of competence on station. Provision of Personal Protective Equipment available through E proc. <u>Ops Response</u> Additional control measures have been implemented to mitigate the impact of local industrial action (overtime ban).		
1.	Budget/Financial Risks	1.2	Insufficient staff to maintain current prevention and protection work. Inability to maintain performance (e.g. Care Act) Political Risk – failure to meet statutory duty Community Safety Risk – failure to address risks to community & Firefighters	1.2.1	Increased fires, deaths and injuries	15	MFRA continues to deliver its Home Safety Strategy, our focus is targeted at the over 65's and those who are most vulnerable, we have seen advocate performance lift by over 45% this past year and we continue to monitor ADFs and Fire Fatalities through Performance Management Group. The impact of the Grenfell Tower Fire is yet to be fully understood but there is the likelihood of increased	10	AM Prevention AM Protection

						<p>Protection teams as such a review is underway</p> <p>Grenfell Tower phase 1 recommendations will require oversight and to ensure they are suitably addressed. The Risk Based Inspection Programme (RBIP) methodology requires a review to ensure resources are being used efficiently and effectively.</p> <p>April-Sep Update AM Protection There is one remaining criteria to address to ensure full implementation of the Protection Fire Standard.</p> <p>Protection department staffing levels are at their highest for 12 months with a revised structure implemented to clarify reporting lines and areas of responsibility.</p> <p>Phase 1 of the Risk Based Inspection Programme (RBIP) review has commenced.</p>	
--	--	--	--	--	--	---	--

						<p>Over 90% of the Grenfell phase 1 recommendations have now been implemented.</p> <p>AM Prevention Prevention and Operational crews are on target to deliver HFSCs and Safe and Well visits as set out in the Service Delivery Plan.</p> <p>Oct-March Update Protection staffing retention levels have improved and an SLT approved mechanism in place to afford streamlined transition from development to competent status for inspectors.</p> <p>Additional resources have been implemented to address the forthcoming Business Safety Regulations related work and uplift grant funding for 2023/24 has been confirmed by the Protection, Policy and Reform Unit (PPRU) that will enable recruitment on fixed term basis to maintain</p>	
--	--	--	--	--	--	---	--

						<p>staffing levels at a level sufficient to address the built environment risk across Merseyside.</p> <p>There is still a need to secure longer term budgetary provision to sustain the number of fire safety regulators beyond the life of grant funding provision and conversations in this regard are facilitated via the PPRU strategic forum.</p> <p>AM Prevention Operational crews continue to deliver our core business target alongside vulnerability and demand led campaigns. Crews have adopted CFRMIS and this is now well embedded and assisting in trend analysis. Recruitment of advocates has been undertaken to fill vacancies. Safe and well visits have been maintained by prevention staff with agile and flexible working adopted to meet the demand of the communities</p>	
--	--	--	--	--	--	--	--

							<p>of Merseyside whilst some staffing shortfalls exist. Prevention staff are using CFRMIS and this has assisted with the flexible working to cover all appointments. Fatal fire review has been undertaken and this is also being collated and explored with regional partners.</p> <p>Between January – March Sunday campaigns were conducted by crews focusing on kitchen fire safety following a series of fatalities.</p>		
1.	Budget/Financial Risks	1.3	Insufficient FF's to maintain current levels of response and current number of fire stations	1.3.1	Increased risk of property loss in the community	15	<p>MFRA undertakes continual review, analysis and testing of necessary operational response changes resulting from budget reductions to ensure effectiveness against Authority response standards.</p> <p>April-Sep Update No change in the mitigation process from the above statement.</p> <p>Oct-March Update</p>	10	AM Operational Response

							No change in the mitigation process from the above statement.		
1.	Budget/Financial Risks	1.4	Pay & Inflation increases-impact on ability to maintain a balanced budget	1.4.1	<p>The current budget assumes 2.5% pay award for 2022/2023 (and future years).</p> <p>Each 1% increase in pay equates to approximately £0.4m for firefighters and £0.1m for other staff.</p> <p>Higher CPI / RPI will increase the uplift on a number of major contracts.</p> <p>Current energy costs have increased by 200% and may result in costs exceeding the budget by £600k to £1m.</p>	9	<p>The Authority established a £3m inflation reserve to meet any unforeseen inflationary pressures or costs.</p> <p>Oct-March Update The Green Book Staff pay settlement was a flat rate increase of £1,925, an increase on the pay bill of 6.5%. Firefighters accepted a 7% pay award. Energy inflation resulted in a +£700k actual cost above the budget. In 2022/23 these higher costs have been covered by the inflation reserve and the 2023/24 budget was increased to cover the costs in 2023/24 and future years</p>	1	Director of Finance & Procurement
1.	Budget/Financial Risks	1.5	Insufficient support staff to maintain services to front line and maintain good governance.	1.5.1	Reduced ability to maintain fleet, PPE, pay FF's and maintain the buildings.	15	<p>Processes are redesigned when cuts to staffing are made</p> <p>Stopping performing specific activities considered</p>		SLT

						<p>Remaining staff are trained in processes/services that are still required</p> <p>April-Sep Update Turnover of support staff has increased:</p> <ul style="list-style-type: none"> • Hybrid working pilot being introduced. • Retention of staff being reviewed • Succession planning being considered <p>Oct-March Update Turnover of support staff is still under review and the 2023/24 budget includes provision for consideration of the grades of posts where this is required. A review of the Hybrid working arrangements will be completed.</p>	6		
1.	Budget/Financial Risks	1.7	Loss of National Resilience funding from Home Office		Loss of operational response/service/training/lack of equipment/vehicles not maintained.	15	<p>Utilising MFRS resources to fulfil role and responsibilities.</p> <p>Budget constantly reviewed with Home Office Colleagues</p> <p>April to Sep update</p>	12	AM National Resilience

						No change this period	No change this period	
						Oct-March Update No change this period	Oct-March Update No change this period	
1.	Budget/Financial Risks	1.10	<p>“McCloud” - The decisions of the Court of Appeal in the Sargeant/McCloud (McCloud) cases have ruled that the transitional protections afforded to older members when the Firefighter Pension Scheme(s), FPS, and Local Government Pension Scheme, LGPS, constituted unlawful age discrimination. The Government is currently finalising legislation and regulation changes to implement a remedy for retired / retiring eligible members from October 2023.</p>	<p>The 2020 FPS actuarial review will consider the cost of the Government’s remedy and build it into the FPS employer rate from 2024/25. The MTFP has assumed an increase of 3% / or £1m from 2024/25.</p>	12	<p>Oct-March Update</p> <p>All legislation and regulation changes are expected to be in place to allow the implementation of the Government’s remedy from October 2023.</p>	1	<p>Director of Finance and Procurement / DCFO</p>

Our Vision - Here to serve. Here to protect. Here to keep you safe.

RISK	STRATEGIC CORPORATE RISK	RISK NOS.	SPECIFIC CORPORATE RISKS	SUB RISK NOS.	IMPACT	RISK SCORE	MITIGATION	MITIGATED SCORE	RISK/ACTION OWNER
2.	Legal and Legislative Risks	2.1	Non-compliance with the National Framework	2.1.1	Damage to MFRS reputation. Impact on public and partner goodwill.	15	The IRMP process is thorough and consulted on widely. research and analysis activities are carried out, risks are assessed and strategies and processes adopted to deal with them.	8	SLT
				2.1.2	Inability to respond to major national resilience incidents	15	<p>April-Sep Update AM National Resilience NCAF is reviewed on an annual basis. Operational business continuity (Fire Calm). LTCM regular meetings are held with prime contractor. NRFC training. NRAT all covered and reviewed under Lead Authority arrangements.</p>	8	SLT

2.	Legal and Legislative Risks			2.1.3	Increased fires, deaths and injuries	15	<p>Director of Strategy and Performance The current IRMP will run until July 2024 and its achievement is closely managed within the Authority’s governance structure. Planning for the new Community Risk Management Plan (name changed to reflect the relevant Fire Standard) will begin in early 2023.</p> <p>Oct-March Update The previous update is still relevant and work has commenced on the 2024/27 CRMP.</p>	12	SLT
2.	Legal & Legislative Risks	2.2	Corporate Manslaughter Act	2.2.1	Sanctions, fines and or arrests resulting from death of Personnel	25	<p>This can be mitigated to some degree by correct application of SOP’s. Service Instructions, training and Health and Safety legislation to avoid injury and damage.</p> <p>April-Sep Update Ensuring compliance with legislative requirements and SOP’s continues to</p>	12	SLT

							mitigate any such risks to avoid injury and damage. Training also assists to mitigate the risk. Oct-March Update		
2.	Legal and Legislative Risks	2.3	Changes introduced by the Localism Act 2011	2.3.1	Judicial Review – other legal challenges	15	This can be mitigated to some degree by careful consideration of consultation outcomes and other forms of community input into decisions. However any person can apply for Judicial Review regardless of the perceived merits or otherwise of such an application. April-Sept update No change this period Oct-March Update The above continues to be mitigated and there is no change for this period.	8	Head of Legal & Democratic Services.

2.	Legal and Legislative Risks	2.4	Equality Act - not maintaining compliance with the Public Sector Equality Duty	2.4.1	Potential impact on reputation Potential legal action	15	<p>The Equality and Diversity Policy is regularly reviewed Equality Actions form part of the Service Delivery Plan and ED&I Annual Report Equality Impact Assessments are carried out for plans, policies, guidance, instructions and organisational change Training and support is given to staff to assist them in complying with Equality and Diversity related duties.</p> <p>April-Sep Update Responsibility for this moved to People and organisational Development in April 2022, the Equality Diversity and Inclusion annual report was published in September 2022, the Equality Impact Assessment (EIA) process has been refreshed, Service-wide training has</p>	8	Director of People and Organisational Development

							nationally accredited courses.		
2.	Legal and Legislative Risks	2.13	Insufficient experienced staff to manage existing Primary Authority Partnerships	2.13.1	Damage to MFRS reputation with the business partner and the government Department of Business, Energy and Industrial Strategy.	12	<p>Resilience is provided to ensure that any loss of key staff facilitating the partnership is minimised. In addition, there is evaluation on the workload involved in managing the partnership and gauging capacity to take on any further partnerships.</p> <p>April – Sep Update A dedicated Primary Authority Scheme (PAS) reference holder has been assigned as part of the departmental structure review.</p> <p>PAS agreements have increased from three to four with a further two pending.</p> <p>Oct-March Update Protection staffing retention levels have improved and a Strategic</p>	6	AM Protection

							Leadership Team approved mechanism in place to afford streamlined transition from development to competent status for inspectors. Dedicated reference holder for Primary Authority Scheme continues to monitor and coordinate this workstream.		
2.	Legal and Legislative Risks	2.14	Insufficient experienced, qualified staff to deal with serious fire safety complaints 'out of hours'.	2.14.1	Potential for MFRA to be unable to serve prohibition or restriction notices on premises out of office hours when the use of the premises involves or will involve a risk to the relevant persons so serious that use of the premises ought to be prohibited or restricted.	15	Senior Officers in Protection when scheduled on cover can provide this facility to respond out of hours; providing they are not engaged at an operational incident. Article 31 Officers provide some additional limited support to assess complaints but are not warranted officers or deemed competent under the Fire Protection Competency Framework. Recall to duty provides some resilience but availability is not guaranteed. Potential for	9	AM Protection

						<p>assistance from a neighbouring Fire and Rescue Service.</p> <p>Apr-Sep update Protection Response Officers (PROs) have now been increased, with one remaining officer to be trained. Resilience arrangements are available via suitably qualified officers in the flexi officer group.</p> <p>Oct-March Update Protection Response Officer cohort is now fully resourced. Some training requirements still to be addressed, however resilience can be accessed via suitably qualified flexi duty officers if necessary.</p>			
2	Legal and Legislative Risks	2.15	Professional Indemnity for Incident Investigation Team	2.15.1	Potential for professional indemnity claim for inaccurate or wrong conclusion of cause of fire.	16	Rigorous audit process of ISO17020 standards by independent accreditation service UKAS will ensure team are competent. This is being implemented during 2022/23 year.	6	AM Prevention

						<p>Reserves will be utilised to cover any potential PI claims.</p> <p>Apr-Sept Update Internal Quality Assurance Audit officer has been introduced to QA investigations internally and externally. UKAS pre-inspection re ISO 17020 went ahead in September and feedback is being reviewed. Training started to be rolled out from 1st October 2022. The first 24 officers have commenced training.</p> <p>Oct - March Update No change this period</p>			
2	Legal and Legislative Risks	2.15	Incident Investigation Team prevented from carrying out fire investigations which are suspected as deliberate by the Forensic Science Regulator	2.15.2	Potential for Forensic Science Regulator to issue an order preventing IIT from carrying out investigations that are suspected as criminal.	16	IIT officers are fully trained and maintain competence to national standards. All officers receive suitable and sufficient training to Level 5 FI and level 7 legal training. CPD is maintained throughout year and ISO17020 process will enhance the forensic discipline within the team.	4	AM Prevention

						<p>Apr-Sept Update Update as 2.15.1</p> <p>Oct-March Update IIT officers continue to work towards accreditation of ISO17020 and have had several audits which have resulted in actions being issues to the team to work on whilst working towards the overall accreditation. CPD is maintained throughout year and ISO17020 process will enhance the forensic discipline within the team.</p> <p>Tier 1 Fire Investigation courses continue to be rolled out across the service with the third cohort starting on 01/04/23. We have had 46 officers successfully complete the course and this cohort of 24 officers will complete the course by end of June 2023.</p>
