Introduction & background

I am proud to introduce our new People Plan for 2024-27, which importantly has been developed for our people, with our people. The plan sets out our drive to harness the passion and unswerving commitment of our own people to the people they serve. Its introduction will undoubtedly improve the safety of our communities, whilst improving the working lives and experiences of our own teams.

Ultimately making Merseyside a safe place to live and Merseyside Fire and Rescue Service a great place to work.

The People Plan, the Community Risk Management Plan (CRMP) and the Medium-Term Financial Plan (MTFP) complement each other and provide the key strategic building blocks that allow us to achieve our purpose to protect our communities and keep them safe. Together these three plans detail how we will achieve our strategic ambitions and how we will measure our progress.

Our people are pivotal in all that we set out to do and we know it is only by investing in them and creating a sense of purpose and belonging that we can deliver our vision whilst allowing our staff to reach their full potential.

The People Plan is our vehicle to deliver this ambition and it is built upon five key but interlinked themes.

These are, **attract and retain the best people, develop exceptional people**

and leaders, promote a holistic approach to health and wellbeing, deliver sector leading organisational performance and embed equality, diversity and inclusion as part of strong positive culture.

The success of the plan will depend upon us working together to meet the aspirations detailed under each theme.

The plan can only be successful if we all work together and that is why the document makes clear the expectations and responsibilities that are placed on all of us to ensure that the aspirations in the plan are met. The plan also sets out the opportunities for everyone to develop, progress and feel part of the team.

This plan fully embraces our commitment to promoting equality, diversity and inclusion to ensure that the workplace is fair and diverse

in all aspects. It is essential that we celebrate our diversity and we create an environment where everyone feels included, valued and able to speak up.

A key aspect of the plan is the creation and maintenance of a positive and professional workforce culture that will mean our people feel listened to, appreciated and psychologically safe, making Merseyside Fire and Rescue Service an employer of choice.

It is of the utmost importance to recognise that we are an organisation that must be driven and inspired by a shared set of values and behaviours, one which is happy to hold itself to account.

With your help this plan will further embed our values, strengthen our already positive culture which in turn will help us to meet the aspirations and deliver the outcomes set out in the plan.

In this people plan I want us to move away from warm words to deliver tangible outcomes for our people and our communities.

I want us to genuinely hold ourselves to account.

I want our leaders to lead by example, have a strong team focus and presence with a genuine interest in people.

I want us to do the right thing not the easy thing, I want us all to be accountable for our actions and take

responsibility for them.

I don't want us to measure ourselves on the performance of others I want us to create our own culture, one which instils a real sense of belonging.

To do this we need to be committed to participation, open to learn, driven by equality and fairness and open to differing views. I want us to celebrate difference, challenge poor behaviour and to be accepting when we get some things wrong – this way we will truly create a place where people belong.

We know that this requires leadership at all levels and the part we each play has never been more important.

Be our future.

Phil Garrigan
Chief Fire Officer

Core Code of Ethics

Fire and rescue services are required to operate within a national Core Code of Ethics. For Merseyside Fire and Rescue Authority, these are embedded into our Leadership Message, behavioural Ground Rules and Employee Code of Conduct. They are at the heart of what we are as an organisation and shape how our people behave in work and in our communities.

The Core Code sets out five ethical principles, based on the Seven Principles of Public Life, which alongside the accompanying guidance provides a basis for promoting good behaviour and challenging inappropriate behaviour:

- **Putting our communities first** – we put the interest of the public, the community and service users first.
- **Integrity** – we act with integrity including being open, honest and consistent in everything we do.
- **Dignity and respect** - making decisions objectively based on evidence, without discrimination or bias.
- **Leadership** – we are all positive role models, always demonstrating flexibility and resilient leadership. We are all accountable for everything we do and challenge all behaviour that falls short of the highest standards.
- **Equality, diversity, and inclusion (EDI)** – We continually recognise and promote the value of EDI both within the FRSs and the wider communities in which we serve. We stand against all forms of discrimination, create equal opportunities, promote equality, foster good relations, and celebrate difference.

Our Leadership Message & Leadership Behaviours

Our Leadership Message, a co-creation with our staff, brings together the Core Code of Ethics with our own Vision, Purpose, Aims and organisational values. It sets out for every member of the team why we are here and how we will approach delivering 'our service' to the public.

To strengthen our approach, we have also outlined the leadership behaviours which aim to assist colleagues understand their role, highlighting both the **'WHAT'** and the **'HOW'** in terms of expected leadership behaviours.

Leadership Behaviours - The What!

Mirroring the National Leadership Framework, and linking to the Leadership Message we have developed four key themes to outline what leadership looks like at every level and what good leadership looks like in our respective roles:

- **Personal impact**
- **Outstanding leadership**
- **Service delivery**
- **Organisational effectiveness**

Leadership Behaviours - The How!

Under each of the four themes outlined we are then able to set expectations at the four leadership levels within the service, clearly defining the behaviours we are seeking to develop in our leaders. This provides a simple framework that sets the standard for those performing at the following levels:

- **Leading yourself (everyone)**
- **Leading others (supervisory managers)**
- **Leading the function (middle managers)**
- **Leading the service (strategic managers)**

This creates an effective development pathway to support individuals with aspirations to develop their careers. Our leadership behaviours inform our leadership development programmes and are embedded in selection processes at all levels.

We know that the community's trust in and the reputation of Merseyside Fire and Rescue Service is based upon professionalism and care. Employees are expected to conduct themselves at all times (both inside and outside of work) in a manner which will maintain public confidence in their integrity and the services provided by the Authority. These expectations of conduct are set out in detail in our Employee Code of Conduct [here](#).

Our Ground Rules

Our Ground Rules also provide a simple visual illustration of the standards we expect and how we welcome difference and individuality. They have been developed to help us create a sense of belonging in the most inclusive way and outline some keys, simple rules surrounding how we act.

OUR GROUND RULES

Our Ground Rules have been developed to help us deliver our services in the most inclusive way. They inspire the right behaviour from our people, whilst making Merseyside Fire & Rescue Service a great place to work. The Authority will promote these Ground Rules, follow them and review them regularly. We will tackle breaches of the rules inside and where applicable, outside, the workplace, encourage positive working relationships whilst ensuring our services are delivered to our communities in the most inclusive and considerate way. As employees and volunteers, we will follow these Ground Rules to ensure that everyone is treated with dignity and respect - this extends to the use of social media.

In discharging these commitments, we will respect difference and individuality. We will do this by:

- **Treating others as they wish to be treated**
- **Respecting individual rights and the right to be different in relation to their race, gender, disability, sexual orientation, religious belief, culture, age and political views**
- **Not acting in any manner which might cause them upset, eg.**

 - by not making hurtful remarks
 - by not using nicknames which cause upset
 - by not causing upset through jokes and banter
- **Making it acceptable for all individuals to voice an opinion or share a problem and to listen and act on any concerns raised**
- **Welcoming new arrivals and visitors in the workplace, eg.**
 - by properly introducing themselves
 - by helping new arrivals find their way around
 - by showing new arrivals how things are done
 - by not exploiting their newness and lack of knowledge
 - by listening to what they say if they need help
 - by being patient with new staff when they are learning

Equality, Diversity & Inclusion

We are committed to equality, diversity and inclusion in relation to our staff and to the services we deliver to our communities. Treating people fairly is a priority of course, but being aware of equality, diversity and inclusion is also important because it means we can tailor our services to meet what people need from us and we can also work to make sure that our staff reflect the people they serve.

Our organisational culture is also very important to us, and we are very aware of the poor behaviour that has occurred in other fire and rescue services. We work hard to make sure the culture in Merseyside is positive and inclusive and we've updated our objectives to reflect that commitment. Our Equality, Diversity and Inclusion Objectives have been reviewed and refreshed to reflect our aims for 2024-27. They are:

- Create a strong Inclusive organisation that is positive to rising to the future challenges we face.
- Ensure that people from diverse communities receive equitable services that meet their needs.
- Reducing fires and other incidents amongst vulnerable people in the protected groups and deprived areas.
- To continue to strengthen the Service's cultural competence based on lived experience and community insight so that all staff can undertake their role recognising the value of difference. (This strengthens our approach to equality, diversity and inclusion, meaning our staff are well equipped to engage with our diverse communities and are sensitive to their needs).
- To continue to aspire for equality, diversity and inclusion excellence, measuring ourselves against best practice and benchmarking tools within the Fire and Rescue Service and other sectors.

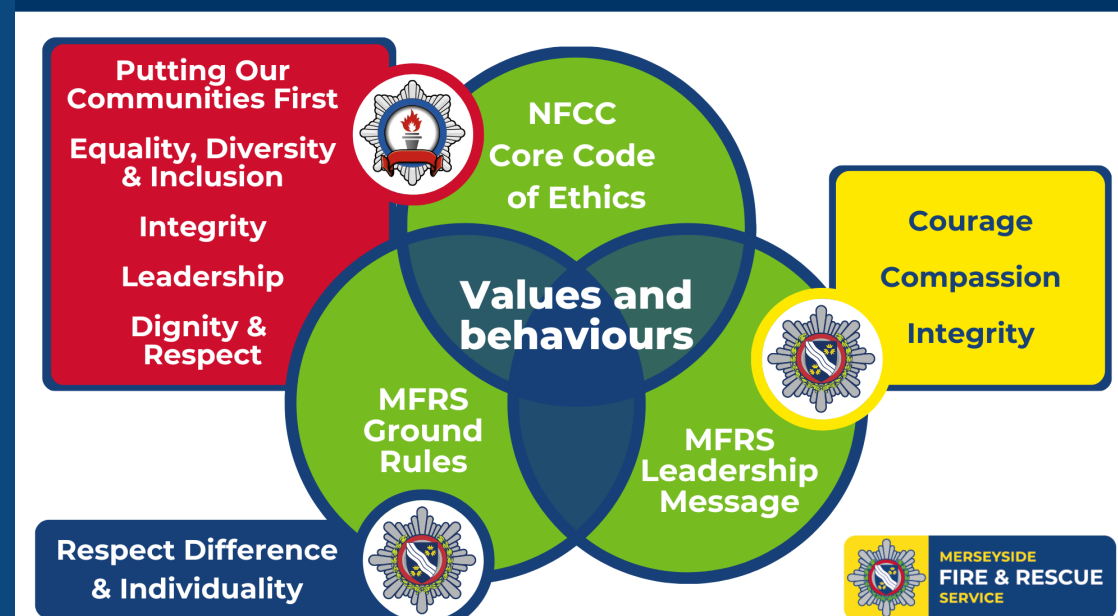

You can find our full Equality Diversity and Inclusion Action Plan [here](#).

Alignment of Leadership, Values and Behaviours

Bringing these documents and expectations together we can see how the above elements are linked and combine to create our overall framework for Leadership, Values and Behaviours.

LEADERSHIP, VALUES, AND BEHAVIOURS

at MERSEYSIDE FIRE & RESCUE SERVICE

We are proud of the work that we have been doing in relation to Equality, Diversity and Inclusion and our performance against key indicators (below) illustrates the continued progress we are making.

The good performance we've seen in relation to ethnicity and gender is the result of our commitment to equality, diversity and inclusion across the Service and the way we consider that in the services we provide and the way we recruit new staff.

We want to truly reflect the communities we serve and to do so we will carry on embedding equality, diversity and inclusion and with the help of our staff networks we have revised our Objectives to better reflect where we are now and what we want to do next.

HMICFRS

MFRS was inspected in 2023 by His Majesty's Inspectorate of Constabulary and Fire & Rescue Services (HMICFRS). As part of the inspection process our approach to our People is inspected under four thematic headings:

- Promoting the right values and culture
- Getting the right people with the right skills
- Ensuring fairness and diversity
- Managing performance and developing leaders

The report showed real positives including how HMICRS found the values and culture of the Service to be well defined, and behaviour of staff reflected those values. Senior leaders were found to act as role models, and staff reported that they have direct conversations with leaders and feel that they are listened to.

In addition, health and well-being of staff was found to be important to the Service, with staff telling inspectors they are supported in different ways to promote their physical and mental health. A culture of continuous improvement is promoted throughout the organisation and learning is co-ordinated and well managed resulting in well trained and competent staff.

There were a number of areas where HMICFRS felt further improvements could be made and this People Plan reflects these with appropriate actions included based on the HMICFRS recommendations. For ease under each of our five themes within this People Plan we have shown the direct links to the HMICFRS inspection themes.

The full HMICFRS inspection report and those of the other fire and rescue services inspected so far are available on the HMICFRS website [here](#).

National Fire Standards

The Fire Standards Board was set up to oversee the identification, organisation, development and maintenance of **professional standards for fire and rescue services in England**.

Our People Plan 2024-27 reflects and takes account of the following published standards (1) the Core Code of Ethics, (2) Communication and Engagement, (3) Leading the Service (4) Data Management, (5) Emergency Preparedness and Resilience, (6) Operational Competence, (7) Operational Learning and (8) Leading and Developing People.

Full detail of Fire standards can be found at [here](#).

Our People Plan Themes

The People Plan places clear responsibilities on the Service and the people who work here to deliver key actions, outlining both the organisational and individual benefits we will deliver. The actions are built around five key interlinked themes:

1. **Attract and retain the best people**
2. **Develop exceptional people and leaders**
3. **Promote a holistic approach to health and wellbeing**
4. **Deliver sector leading organisational performance**
5. **Embed equality, diversity and inclusion as part of a strong positive organisational culture**

Attract and retain the best people

At Merseyside Fire and Rescue Service we have set ourselves the unashamed ambition of being the best Fire and Rescue Service in the United Kingdom, one that offers the highest quality service possible to the community we serve.

This ambition will only be delivered if we can attract, develop and retain the best possible people from our diverse community, people who have the relevant experience and potential to make this possible. People who share and embrace our values.

We will build upon our current positive action and recruitment activity to ensure we continue to seek out the best available people who represent the diversity and dynamism of our community. Having invested in people we must do all we can to retain them by recognising and rewarding their contributions within the financial constraints in which the Service operates.

This plan strengthens the arrangements for bringing the right staff into our organisation who share our values whilst providing them with the opportunity to develop and follow different career paths that reflect their ambitions and aspirations.

Our staff are without question our most important asset and the key determinant in ensuring that we provide our community with the service to which they are entitled. Our aspiration is that we will be an employer of choice, one that recognises and rewards the contribution of staff whilst providing them with opportunities for development and progression which matches their ambitions and talents.

The actions under this theme are fully informed by both the findings of the 2023 inspection conducted by HMICFRS; and the relevant Fire Standards Board, National Fire Standard.

Attract and retain the best people

Everyone in the Service has a role to play in ensuring that, the Service can attract and retain the best people. If we are successful, we can create a workplace where everyone's contribution is respected, valued and recognised. Consequently, levels of job satisfaction, wellbeing and retention will improve.

What are you expected to do?

- Review your own skills needs and make sure you raise these with your line manager, particularly during your appraisal.
- Managers should seek to develop the skills and capabilities of their teams and allow sufficient time to discuss development needs with their team members.
- Managers should recognise good and exceptional performance and behaviours in their team and ensure that this is always acknowledged.
- Make yourself aware of the full range of employee benefits.
- Managers dealing with the recruitment and selection process will progress these exercises in a timely way.

The benefits for the Service and for us all

- We can all develop our skills and those of our teams to ensure the best outcome for the community, the Service and the individual.
- Everyone's contribution will be recognised and valued.
- Everyone can take full advantages of the employee offer.
- Organisational performance will be improved, and the Service can be confident it can achieve its vision as it will have the right staff with right competencies and skills.
- The Service will be well placed to innovate in response to new challenges and more effectively respond to future challenges.
- The Service can be confident that it is creating a culturally and psychologically safe work environment for all.

Develop exceptional people and leaders

The core strength of the Service is its staff and the capabilities, skills, knowledge and competencies they bring to help the Service achieve its vision of being the best fire and rescue service in the United Kingdom. It is absolutely vital that we are fully committed to the development of all our colleagues to maximize their potential.

Fundamental to this as a fire and rescue service is ensuring the competence of operational personnel by means of a competency-based training programme aligned to the National Occupational Standards (NOS) and the Hazard and Risk Controls contained within National Operational Guidance and associated training specifications. This includes ensuring training programmes and core skill training modules are delivered that cover all foreseeable risk area and provide the underpinning knowledge for competence against the National Occupational Standards.

We are committed to the process of long-term learning, and this is integral to our vision and purpose. To achieve this, we aspire to creating a culture of effective learning as well as organic growth through the day-to-day experience of working on the job.

Our relationships with our colleagues are also key to their development and personal growth as is formal training. We all have a responsibility to support our colleagues and team members on their personal development journey.

We need to ensure that our line managers have the time, direction, skills and incentives to meet their obligations to develop their teams for the benefit of the Service and the career aspirations of the individual.

We understand that the way our managers lead is fundamental in setting the culture of the organisation and will maintain and expand our leadership development training. We will adopt an inclusive approach to leadership in recognition that diversity in our leadership at all levels will drive excellence.

We will be supportive and candid, we will deliver feedback which is measured and constructive, we will be honest and we will tell our people what they need to hear rather than what they want to hear to genuinely support their development.

Our Leadership Message and supporting Leadership Behaviours clearly define the behaviours expected at each level of management within the Service. They provide a simple framework that sets the standard for those performing at that level and creates an effective career planning process to support individuals with aspirations to develop their careers. They inform our leadership development programmes and are fully embedded in selection processes at all levels.

The actions under this theme are fully informed by both the findings of the 2023 inspection conducted by HMICFRS; and the relevant Fire Standards Board, National Fire Standard.

Embed equality, diversity & inclusion as part of a strong positive organisational culture

Equality Diversity and Inclusion

Creating a diverse and inclusive workforce is key to success in creating a place where everyone's uniqueness is respected and celebrated. This plan builds upon recognising the organisational benefits that accrue from a diverse workforce (including diversity of thought) where everyone can feel comfortable and part of a team that values and acknowledges their contribution and value.

Building a diverse workforce means that we more fully reflect the communities we serve. This visibility is important as it builds community confidence in us as an organisation allowing us to more fully access all parts of the community in our work to keep people safe.

Creating a diverse workforce at all levels means we can utilise the skills and perspectives of all our people to improve our decision making and better meet the needs of a diverse community. As our diversity increases this will help us attract and retain more talent from different background and with different characteristics.

We must ensure that the principles of equality, diversity and inclusion are fully incorporated into all our ways of working. This in turn lead to a more professional, engaged and motivated workforce that is better able to serve our community. We expect all colleagues to show kindness and respect to each other.

We will continue to work to remove any barriers that could disadvantage people and/ groups that have different needs, whilst continuing to maintain organisational standards, to reward merit and to promote equality of opportunity for all.

We will continue to work to fulfil our duties under the Equality Act to:

- Eliminate discrimination, harassment and victimisation and any other conduct that is prohibited by or under the Equality Act 2010
- Advance equality of opportunity between people who share a relevant protected characteristic and people who do not share it
- Foster good relations between people who share a relevant protected characteristic and those who do not share it.

We will work with local community and voluntary groups in support of embedding an inclusive culture and to support our learning and understanding of the communities we serve

A strong positive culture

HMICFRS defines values as principles or standards of behaviour and culture as ideas, customs and behaviour. It also defines 'poor', 'unacceptable' and 'inappropriate' culture as those which have the potential to negatively affect others. These behaviours can include but are not limited to bullying, harassment and discrimination.

This People Plan will build upon the recommendations of the HMICFRS report on Values and Culture in fire and rescue services. The Service will implement all of these recommendations as a basis for improving culture and reduce the risks posed by poor, unacceptable and inappropriate culture both to the individual, the Service and our communities.

We can never be complacent about culture or assume that we are immune from problems, and we must go further to realise our ambitions to establish a strong positive culture built upon ensuring the psychological safety of all colleagues where all feel included, valued and able to speak freely. We are already responding to what we have heard and the recommendations of the HMICFRS and we will capture those responses in our cultural action plan whilst listening to the views of our own teams on our culture.

To support our ambition, we intend to introduce an independent Chair of our Culture and Inclusion Board.

The actions under this theme are fully informed by both the findings of the 2023 inspection conducted by HMICFRS; and the relevant Fire Standards Board, National Fire Standard.

Measuring Delivery and Success

The actions captured under our five themes will help us continue to build on the excellent work already delivered under our People Strategy 2017-2020, and our People Plan 2021-2024.

To ensure we succeed we will monitor and measure the delivery of actions outlined in the plan. The People & Organisational Development team will take the lead, collaborating with individual action owners as necessary to deliver and embed changes. The plan is intended to be a dynamic and living document, and we will amend and adapt it if necessary subject to changing circumstances.

However, it’s important that this plan is not simply seen as a document for People & Organisational Development. The People Plan is intended as a document that all colleagues can use to understand our people priorities and the final document is reflective of the comments received during our consultation with staff, representative bodies and staff networks.

Formal governance and monitoring of the People Plan will be carried out by the People Board with quarterly updates provided to members.
